Get the best possible results from your air fryer and discover the best ways to use it (not just frying!) with 75 fast, convenient, great-tasting recipes. Air fryers promise crisp fried food without actual deep frying. Was it too good to be believed? And what can you cook in them besides French fries? In truth, air fryers cook food by blasting it with circulated hot air. The method is fast, convenient, and can be surprisingly good--if you have the right recipe. We cooked more than 70 pounds of potatoes to create the perfect air fryer French fry, with an evenly crisp exterior and creamy center. But what really drew us to this appliance was the variety of what you can make in it, effortlessly and without having to enlist numerous pots and pans. In addition to crispy fried chicken and fries, you'll turn out evenly cooked steaks, such as Spice-Rubbed Steak with Snap Pea and Cucumber Salad (the spice rub gives them a bold crust), Sweet and Smoky Pork Tenderloin with Roasted Butternut Squash (the pork cooks directly on top of the squash to save time), and Tandoori Chicken Thighs. Many of the recipes yield both a main and a side for a complete meal. Most recipes take only 45 minutes or even less time, and all come with complete nutrition information. Frozen foods cook up crisp in the air fryer, but the results are so much better when you start with homemade. So we offer freeze-it-yourself Chicken Nuggets, Southwestern Beef Hand Pies, and more that go straight from freezer to air fryer and cook to perfection. And we share plenty of kid-friendly meals and snacks, from Better-Than-Boxed Fish Sticks to Zucchini Fries.

A landmark book from the test kitchen that has been teaching America how to cook for 20 years. We launched the America's Test Kitchen Cooking School two years ago to teach home cooks how to cook the test kitchen way, and since then thousands of students have taken our interactive video-based online courses. The America's Test Kitchen Cooking School Cookbook shares the same goal as our online school and brings all our best practices—along with 600 all-time favorite recipes—into one place so that you can become a better, more confident cook. There is no better way to learn than seeing an expert in action, so we've included over 2,500 color photos that bring you into the test kitchen so you can see how to prepare recipes step-by-step. The book starts off with an exhaustive 46-page Cooking Basics chapter that covers everything from what equipment you need (and how to care for it) to test-kitchen tricks for how to make food taste better. Then we move on to cover all the major cooking and baking categories, from meat, poultry, and pasta to breads, cakes, and pies. Illustrated Core Techniques, like how to whip egg whites, roast a chicken, or bake flawless pie dough, focus on the building block recipes everyone should know. Recipe Tutorials that each feature 20-35 color photos then walk readers through recipes that are either more complicated or simply benefit from the visual clues of step photography, like Extra-Crunchy Fried Chicken, Sticky Buns with Pecans, and Deep-Dish Apple Pie. Every chapter ends with a library of the test kitchen's all-time favorite recipes, such as Pan-Seared Steaks with Red Wine Pan Sauce, Meatballs and Marinara, Best Vegetarian Chili, Memphis-Style Barbecued Ribs, and New York-Style Cheesecake—more than 600 in total—that will allow home cooks to expand their repertoire. The America's Test Kitchen Cooking School Cookbook is a how-to-cook book that also explains why recipes succeed or fail, which makes it the ideal book for anyone looking to cook better.
