Winner of the PEN/Open Book Award Winner of The Story Prize Spotlight Award A kaleidoscopic portrait of five generations scattered across Asia and the United States, *Inheritors* is a heartbreakingly beautiful and brutal exploration of a Japanese family fragmented by the Pacific side of World War II. A retired doctor is forced to confront the moral consequences of his wartime actions. His brother's wife, compelled to speak of a fifty-year-old murder, reveals the shattering realities of life in Occupied Japan. Half a century later, her estranged American granddaughter winds her way back East, pursuing her absent father's secrets. Decades into the future, two siblings face the consequences of their great-grandparents' war as the world shimmers on the brink of an even more pervasive violence. Grappling with the legacies of loss, imperialism, and war, *Inheritors* offers an intricate tapestry of stories illuminating the complex ways in which we live, interpret, and pass on our tangled histories.

A small tribe of Neanderthals find themselves at odds with a tribe comprised of homo sapiens, whose superior intelligence and agility threatens their doom.

Hunt, trek, and feast among Neanderthals in this stunning novel by the radical Nobel Laureate and author of *Lord of the Flies*. This was a different voice; not the voice of the people. It was the voice of other. When spring comes, the people leave their winter cave, foraging for honey, grubs, and the hot richness of a deer's brain. They awaken the fire to heat their naked bodies, lay down their thorn bushes, and share pictures in their minds. But strange things are happening: inexplicable scents and sounds. Unimaginable beasts are half-glimpsed in the forest; upright creatures of bone-faces and deerskins. What the people don't know is that their day is already over ... 'Extraordinary ... Genius ... Remarkable in the literature of the twentieth century.' Ben Okri 'A stun gun to read ... Truly a masterpiece.' Monique Roffey 'An earthquake in the petrified forests of the English novel.' Arthur Koestler 'An astonishing, underrated novel.' Robert MacFarlane 'Beautiful, powerful ... A visionary dream . Shakespearean.' Ted Hughes 'A master fabulist, and a brilliantly creative interpreter of remote history ... An iconoclast.' John Fowles 'A tour de force ... Genius.' Daily Telegraph 'Alarming, eye-opening, desolating, mind-invading and unique.' New Statesman

There'S Insanity In Our Family & It Runs In Our Blood The Blood Of The Vaidic Brahmins & One Or Two Of Us Go Mad In Every Generation.' From The Ritual-Bound Household Of An Orthodox Scholar In A Small Village In Bengal In 1897 To Germany And Mumbai At The Turn Of The New Millennium, The *Inheritors* Follows The Shifting Life Patterns Of A Family Through A Melange Of Narratives, Memories And Characters. The Unrelenting Puritanism Of Nyayaratna Bishnupada Deb Sharma Drives His Daughter Radharani To Insanity And Throws Into Sharp Relief His Grandson Shibkali'S Feeble Attempt To Break Free. Giribala Voices Her Resentment Against Her Circumstances Through A Lifetime Of Silence, Her Destiny Finding An Echo In Her Daughter Alo, Tragic Victim Of Her Husband'S Sexual Perversions. And Pramatha'S Depraved Radicalism Is Set Against Shashishekar'S Progressive Outlook Which Symbolizes The Most Significant Departure From The Stifling Constraints Of His Community. Even As It Inherits The Deadwood Of The Past, Each Generation Strives To Liberate Itself, Setting The Stage For The Eternal Conflict Between Tradition And Change, Between A Legacy And Its Inheritors. Aruna Chakravarti Draws Upon History And Myth, Religion And Folklore, Rituals And Culinary Practices To Create A Vivid Portrait Of A Community Of Vaidic Kulin Brahmins. The Narrative, Oscillating Back And Forth In Time, Weaves A Vibrant Tapestry Of Life Differing Ideologies And Sensibilities, Suicides And Desertions, Marriages And Infidelities, Bigotry And Liberalism Set In The Larger Context Of A Nation'S Inexorable March Towards Independence And A Society Caught On The Cusp Of Conservatism And Modernity.

An unforgettable new novel by the award-winning author of the international French bestseller *The Godmother*. She had been dead now for four days and I had become rich. Unimaginably rich. Blanche de Rigny has always considered herself the black sheep of the family. And a black sheep on crutches at that. But it turns out her family tree has branches she didn't even know existed. And many of them are rotten to the core. As Blanche learns more about the legacy left by her wealthy Parisian ancestors, she decides a little family tree pruning might be in order. But great wealth also brings great responsibility - a form of *richesse oblige*, perhaps - and Blanche has a plan to use her inheritance to cure the world of its ills. Spanning two centuries, from Paris on the eve of the Franco-Prussian War to the modern day, this unforgettable family saga lays bare the persistent and poisonous injustice of inequality. In her trademark razor-sharp style, Hannelore Cayre again delivers the sardonic humour and devilish creativity that made *The Godmother* an international bestseller. Hannelore Cayre is a French writer, director and criminal lawyer. Her most recent work, *The Godmother*, won the European Crime Fiction Prize, the Grand Prix de Littérature Policière and the Crime Writers' Association Crime in Translation Dagger award. *The Godmother* was also featured on The New York Times' '100 Notable Books of 2019' list and has been made into a major film starring Isabelle Huppert. 'A tightly plotted and darkly funny tale of trade in human bodies and souls.' - Kerry Goldsworthy, *The Age* 'The darkly gripping story of a tainted family legacy' - Readings 'Richesse Oblige [The *Inheritors*] has everything we love about [Hannelore Cayre]; damaged but memorable characters, sharp language, ferocious humour, an undercurrent of political rage, a punchy narrative and lashings of subversion.' - *Lire* literary magazine

Our family legacies, both positive and negative, are passed down from one generation to the next in ways

that are not fully understood. This secondary form of trauma, which Gita Baack calls "Inherited Trauma," has not received adequate attention—a failing that perpetuates cycles of pain, hatred, and violence. In *The Inheritors*, readers are given the opportunity to reflect on the inherited burdens they carry, as well as the resilience that has given them the power of survival. Through engaging stories and unique concepts, readers will learn new ways to explore the unknowns in their legacies, reflect on questions that are posed at the end of each chapter, and begin to write their own story.

From the author of *The New York Times* #1 bestselling novel *The Carpetbaggers* comes a powerful yarn exposing the money, fame, sex, politics, and power that accompany being at the top of the entertainment industry.... Based on the real lives of network executives and other high-profile personalities in the early days when television first became a viable threat to the all-powerful business of the silver screen, *The Inheritors* is the first in Harold Robbins's "Trilogy of Greed," and spent 21 weeks on *The New York Times* bestseller list. Steve Gaunt, the rebellious visionary, is the head of a successful television empire, making him a hit, both in the ratings and with the gorgeous women he meets. Sam Benjamin, one of the last of the old motion picture tycoons, desperately wants to hold on to the power that has long been associated with the more "glamorous" part of the business--the movies. When the two combine forces, they have the potential to remake the entertainment industry--or be each other's undoing. Will their friendship fall apart when their money is on the line, or will their partnership make them even more wealthy and powerful? Entertainment is a dirty business, built by ruthless mavericks, and friendships can fall in a heartbeat when money is on the line. The only rule is that nothing is real in Hollywood. In its initial publication, *The Inheritors* was a timely indictment of an industry on fire. Today, it is a fascinating look back at a time when television was just coming into its own, and how the movie industry dealt with this new and growing threat.

This novel, one of two collaborations between Joseph Conrad and Ford Madox Ford, is one of the earliest to be concerned with modern, mechanical culture, and as such foreshadowed other writers such as George Orwell and Aldous Huxley. Symbolising the collapse of old treasured political values at the turn of the century and underlining the urgency of renovation, the novel involves the unrequited love for a young woman of Arthur Granger, an aristocratic and unsuccessful novelist. Granger betrays the ideals on which he prides himself for this woman, a nameless, ethereal and goddess-like agent from a strange world. The collaboration between Joseph Conrad and Ford Madox Ford influenced their own independent work and, in the words of Ezra Pound, 'What Flaubert had done to change French prose, Conrad and Ford did to transform English prose.'

"*The Inheritors*" by Joseph Conrad, Ford Madox Ford. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten?or yet undiscovered gems?of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.
