wiring and military trucks to tank technology, missile guidance technology, computers - even the Space Shuttle. Peaceful trade is a myth ... to the Soviets all trade is strategic. The paradox is that we spend \$300 billion a year on a defense against an enemy we created and continue to keep in business. The deaf mute blindmen, as Lenin called them, are the multi-national businessmen who see no further than the next contract, who have their plants defended by Marxist troops (in Angola); who knowingly sell technology that comes back to kill and maim Americans.

Looks at the environmental movement and how it is undermining America's superpower status.

Unveiled Mysteries' describes Godfre Ray King's encounter with the ascended master, St. Germain. The account is extremely in-depth and detailed, and is vital reading for anyone with an interest in the subject of ascension. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Haunting, gripping, and psychologically fierce tales that illuminate an unsettling side of humanity from “one of the treasures of American story writing” (Jonathan Lethem). Featuring the O. Henry Prize–winning short story “Windeye,” this collection of Brian Evenson’s masterful stories “involve impossible scenarios and alternative realities” that are “always surprising” (Bookforum). A woman falling out of sync with the world; a king’s servant hypnotized by his murderous horse; a transplanted ear with a mind of its own—the characters in these twenty-five stories live as interlopers in a world shaped by mysterious disappearances and unfathomable discrepancies between the real and imagined, revealing the breadth and depth of Evenson’s uncanny vision.
