A complete & comprehensive RV buying guide designed in three easy-to-read sections. Section 1 includes a step-by-step process for determining the type of recreational vehicle required to satisfy the buyer's needs. It expands on how to choose a recreational vehicle for weekendening, vacationing, snowbirding, or fulltiming--whether it's a motor home, travel trailer, camper, or tent trailer. It details types of tow vehicles & matching criteria: weight consideration; how to compare brands & more.

Section 2 will take the buyer through an inspection process to determine positive & negative features of the RV's design, workmanship & structural integrity. This section includes illustrations & photos in a special "Walk-Around" chapter to show the buyer the specific steps for a good evaluation. Section 3 will take the buyer through the buying process, which includes negotiating techniques to assist in avoiding pitfalls normally associated with financing & extended warranties. The best Chicago has to offer in a convenient, easy-to-use package that includes a full size map.

It is over a hundred years in Antarctic history since the British Government formalised its claim to the Falkland Islands Dependencies, and 75 years since continuous occupation began. This book explains why and how, using the voices of the Ministers, and more particularly their officials, who shaped government policy. Until now the unsung heroes of Britain's long involvement in Antarctica, they collectively had a far greater impact than any of the famous Antarctic explorers of the last century. The book draws heavily upon documentation from The National Archives to chart the twists and turns of policy making for the first 50 years of the last century, showing how the priority shifted from a focus on sovereignty to the first glimmerings of internationalisation. It is a story of a great whaling industry, of territorial conflicts and tensions, and how science ultimately came to underpin Britain's policy aims.
