Angry with his mother for having too little time for him, eleven-year-old Felix takes advantage of an opportunity to become bat boy for a minor league baseball team, hoping to someday be like his father, a famous Cuban outfielder. Jr Lib Guild. Reprint.

Brighter Child(R) Math for Kindergarten helps students master mathematics skills. Practice is included for numbers and counting, shapes, money, telling time, and more. School success starts here! Workbooks in the popular Brighter Child(R) series are packed with plenty of fun activities that teach a variety of essential school skills. Students will find help for math, English and grammar, handwriting, and other important subject areas. Each book contains full-color practice pages, easy-to-follow instructions, and an answer key.

Pull down the tab to reveal the answers to times tables questions! This entertaining and educational title is the perfect way for kids age 6+ to master their math skills, from the 2 x table to the 12 x table. Children can test their knowledge of these tables and then pull down the tab to reveal the answer. The fantastic illustrations encourage kids to engage with and enjoy learning the tables, while the interactive tab reinforces numeracy skills. Learning your times tables has never been so fun or so easy!

Give students the targeted, skill-building practice they need with these standards-based books! Each workbook includes more than 40 ready-to-reproduce practice pages. Easy-to-follow directions and fun exercises motivate students to work on their own. Every activity in each book is correlated to state standards. For use with Grade 4.

Ezra Feldman, almost ten, likes baseball more than anything else in the world. But his father cannot understand why his son would rather rot his brains watching men swinging big wooden sticks than read a book or play chess. Can an unwanted car trip, a grumpy old professor, and a surprising chess victory help father and son find a little common ground--and convince Ezra's dad that cheering for the national pastime isn't completely off base? Ezra Feldman, almost ten, likes baseball more than anything else in the world. But his father cannot understand why his son would rather rot his brains watching men swinging big wooden sticks than read a book or play chess. Can an unwanted car trip, a grumpy old professor, and a surprising chess victory help father and son find a little common ground--and convince Ezra's dad that cheering for the national pastime isn't completely off base?
