Paths to Wealth through Common Stocks contains one original concept after another, each designed to greatly improve the results of those who self-manage their investments -- while helping those who rely on professional investment advice select the right advisor for their needs. Originally written by investment legend Philip A. Fisher in 1960, this timeless classic is now reintroduced by his well-known and respected son, successful money manager Ken Fisher, in a new Foreword. Filled with in-depth insights and expert advice, Paths to Wealth through Common Stocks expands upon the innovative ideas found in Fisher's highly regarded Common Stocks and Uncommon Profits -- summarizing how worthwhile profits have been and will continue to be made through common stock ownership, and revealing why his method can increase profits while reducing risk. Many of the ideas found here may depart from conventional investment wisdom, but the impressive results produced by these concepts -- which are still relevant in today's market environment -- will quickly remind you why Philip Fisher is considered one of the greatest investment minds of our time.

"In the dark, bewildering, trap-infested jungle of misinformation and opaque riddles that is the world of investment, JL Collins is the fatherly wizard on the side of the path, offering a simple map, warm words of encouragement and the tools to forge your way through with confidence. You'll never find a wiser advisor with a bigger heart." -- Malachi Rempen: Filmmaker, cartoonist, author and self-described ruffian This book grew out of a series of letters to my daughter concerning various things-mostly about money and investing-she was not yet quite ready to hear. Since money is the single most powerful tool we have for navigating this complex world we've created, understanding it is critical. "But Dad," she once said, "I know money is important. I just don't want to spend my life thinking about it." This was eye-opening. I love this stuff. But most people have better things to do with their precious time. Bridges to build, diseases to cure, treaties to negotiate, mountains to climb, technologies to create, children to teach, businesses to run. Unfortunately, benign neglect of things financial leaves you open to the charlatans of the financial world. The people who make investing endlessly complex, because if it can be made complex it becomes more profitable for them, more expensive for us, and we are forced into their waiting arms. Here's an important truth: Complex investments exist only to profit those who create and sell them. Not only are they more costly to the investor, they are less effective. The simple approach I created for her and present now to you, is not only easy to understand and implement, it is more powerful than any other. Together we'll explore: Debt: Why you must avoid it and what to do if you have it. The importance of having F-you Money. How to think about money, and the unique way understanding this is key to building your wealth. Where traditional investing advice goes wrong and what actually works. What the stock market really is and how it really works. Why the stock market always goes up and why most people still lose money investing in it. How to invest in a raging bull, or bear, market. Specific investments to implement these strategies. The Wealth Building and Wealth Preservation phases of your investing life and why they are not always tied to your age. How your asset allocation is tied to those phases and how to choose it. How to simplify the sometimes confusing world of 401(k), 403(b), TSP, IRA and Roth accounts. TRFs (Target Retirement Funds), HSAs (Health Savings Accounts) and RMDs (Required Minimum Distributions). What investment firm to use and why the one I recommend is so far superior to the competition. Why you should be very cautious when engaging an investment advisor and whether you need to at all. Why and how you can be conned, and how to avoid becoming prey. Why I don't recommend dollar cost averaging. What financial independence looks like and how to have your money support you. What the 4% rule is and how to use it to safely spend your wealth. The truth behind Social Security. A Case Study on how this all can be implemented in real life. Enjoy the read, and the journey!

A classic collection of titles from one of the most influentialinvestors of all time: Philip A. Fisher Regarded as one of the pioneers of modern investment theory,Philip A. Fisher's investment principles are studied and used bycontemporary finance professionals including Warren Buffett. Fisherwas the first to consider a stock's worth in terms of potentialgrowth instead of just price trends and absolute value. Hisprinciples espouse identifying long-term growth stocks and theirEmerging value as opposed to choosing short-term trades for initialprofit. Now, for the first time ever, Philip Fisher InvestmentClassics brings together four classic titles, written by the manwho is know as the "Father of Growth Investing." Common Stocks and Uncommon Profits was the firstinvesting book to reach the New York Times bestseller list.Outlining a 15-step process for identifying profitable stocks, its one of the most influential investing books of all time Paths to Wealth Through Common Stocks, expands theinnovative ideas in Fisher's highly regarded Common Stocks andUncommon Profits, and explores how profits have been, and willcontinue to be made, through common stock ownership—assertingwhy this method can increase profits and reduce risk Also included is Conservative Investors Sleep Well andDevelopmental Philosophy Designed with the serious investor in mind, Philip FisherInvestment Classics puts the insights of one of the greatestinvestment minds of our time at your fingertips.

We are all using dangerous, outdated, old economic strategies to protect and grow our money in the so-called 'new economy.' Most of us don't even know it. Every economy is, in some sense, 'new.' However, applying the rules from an 'older' economy to a 'newer' one during times of transition is a recipe for financial ruin.Economic transitions have been around for centuries. . . the difference is that now they are worldwide in scope and affect everything rather than local in nature with limited affects.While you sleep at night, while you go to work each day, something insidious is actually stealing your financial future. It isn't anyone's fault really. There is a massive reallocation of wealth as we transition into the new economy.There are two sides to this story. Because of the changing rules of money, the greatest transfer of wealth in the nation and the world is now unfolding. Money is about to flow away from the financially uninformed and flow towards the financially well-informed in the years ahead.This is nothing new, really. Money has always worked this way. The good news is that average members of the public now have more ways than ever before to understand this process and to take appropriate action.I am sure you are aware of the rising price of gold that's been going on for almost 10 years now. Most recently, gold started climbing with even greater speed. History repeats itself again and again. Whenever governments start to dilute their money investors transfer their money into gold. Gold has intrinsic value and will always prevail in any economy.What most non-investors and investors -- including yourself -- probably you don't realize is that although gold is a great way to preserve your wealth, it's silver that could actually make you rich!The price of gold has already risen dramatically, but silver is just beginning its climb.Nine Reasons Why Silver is a Unique Wealth Building Instrument - Silver, like gold, has intrinsic value- Silver has been in a commodity bull cycle since 2000- Silver is a safe hedge against currency inflation- Silver is a security choice during times of financial crisis- Silver is rarer than gold- Silver is used in 90% of all electronics -- and its mostly non-renewable- Silver inventories are very low- Silver leasing -- the scam will be exposed soon- Silver investment markets are expanding thanks to the Chinese!What You Will Learn From Building Wealth with Silver!You will discover why the Federal Reserve was created and why you and I have been kept in the dark about its true purpose. You will find out why the U.S. dollar is quietly being destroyed without fanfare and the reason this process is being publically denied and covered up. You will see why unemployment numbers, along with many other economic figures, are rigged, and how we're being led to about their true significance.The insights you get from the first few chapters alone can change your life. Even if you were to study at Harvard for five years -- which would cost you, by the way, over \$95,000 -- you would not have the knowledge you need to get any closer to this kind of insider information.Learn why silver is the best investment opportunity right now.Get the facts on silver production and consumption, and all the details behind silver's projected five- to eight-fold increase over the next several months.

Following in the footsteps of New York Times bestsellerThe Tapping Solution by Nick Ortner, this book from renowned Tapping expert Margaret Lynch teaches us how to use Tapping (Emotional Freedom Techniques) to clear the blocks to achieving greater wealth. Emotional Freedom Techniques (EFT), also known as Tapping, have become a popular tool for realizing personal goals. For many of us, increasing our wealth is one of our greatest ambitions, but also an area where we feel the most stuck, because we have limiting fears and beliefs that sabotage our success. EFT uses the fingertips to tap on acupuncture points while emotionally tuning in to negative attitudes and past experiences, thereby clearing the inner blocks to attracting and managing wealth. Tapping Into Wealth includes QR codes that link to video demonstrations of Tapping techniques. Discover how Tapping can help you release your old views of money and open the door to more wealth than you ever imagined.

. Learn to Develop a Powerful Mindset for Complete Success and Fulfillment This 4 Book Bundle Contains Book 1: Millionaire Mindset Strategies Book 2: Best Wealth Magnet Activities Book 3: Ideal Steps to Business Success Book 4: Super Wealthy Mindset Habits Become unstoppable in the face of challenges and obstacles One of the most important features of our lives is our ability to live up to our full potential and this collection of wealth-oriented books have been designed specifically to identify the essential ingredients that can be used to create success. Based on a series of interviews and mentorships with groups of exceptionally successful individuals, the principles discussed within the four books reveal the fact that sustained success is not an accident. It's a product of consistently doing the right things. But what constitutes 'the right things'? And how important is the role of attitude in the creation of success? The good news is that the attitudes, actions and behaviours of highly successful and fulfilled individuals can be learned and that means that all of us can benefit from the models and examples that others have set. This saves us an enormous amount of time and wasted effort and can catapult us into the upper levels of personal success and fulfillment. The books have been designed as an exploration of the underlying attitudes that will serve either to support or hinder our ambitions. Their purpose is to encourage us to dream and set goals that are truly worthy of our deeper potential. The first volume examines the attitudes and behaviours of super-successful individuals and reveals the principles that these people adopted to promote their efforts to live the lives of their dreams. It's an intoxicating message of hope, inspiration and practical principles for raising the quality of our lives to new levels of expression. The second volume explores the principles of developing a very positive attitude towards wealth and its resistance-free acquisition. The third volume focuses on the principles of creating success in business and the fourth book examines the essential attributes of the successful mind set. Amongst a treasure trove of powerful advice, insights, tips and principles, you can learn how to identify the beliefs that previously held you back and banish all negative and restrictive attitudes and behaviours Set goals that will draw on your latent creativity and inspire you to grow Discover and channel the power of your unconscious and make firm friends with the concept of wealth and abundance Take control of your business and tune it towards new levels of success and profitability Create your own mental framework for positive expectations and design your own affirmations for driving you ever closer towards your dreams and goals Become comfortable with the concept of personal success and fulfillment This collection of the essential principles for success has been produced to share the message that our fate is very much in our own hands and that each of us has the potential to make our lives better than they are today. This profound message of hope is a wake-up call to seize the day and experience the power of your own potential. It's a message of power and practical wisdom, a set of guides for making the most of this precious gift we call life.

You Don't Need to Make Millions to Get Rich. Believe Me. This comprehensive 8-step guide provides the blueprint to achieve financial freedom at a young age, regardless of income. No B.S., just answers. In Get Rich Action Plan, you will learn the lifelong habits to become financially independent sooner than you thought possible. Do we really need another personal finance book? YES. The outdated status quo advice of "Save 10% for 40+ years" simply doesn't work. It's time to rethink the conventional wisdom that only serves to continue the vicious cycle of wage slavery and the "live to work" mentality. In an age of globalization and abundance, I'm here to tell you there is another way! It is time to change how we think about personal finance, budgeting, and investing. The 8 steps in this book each work in unison to create a rapid snowball effect that will make your money work for you immediately, so you can afford time off of work or even retire in your 30s. From saving money to investing to growing your income, all of the specifics are covered in this action plan. Get Started on the Right Foot and Change How You Think About Finances! I have never made much money by Western standards. In fact, I have never made more than a middle class income. But by employing these strategies, I was able to increase my net worth dramatically at a very young age. It took only 6 years of full-time employment to build an "FU money" fund of hundreds of thousands of dollars, providing me the freedom to travel and take time off of work to pursue other interests. I was able to do this by quickly taking action and ignoring conventional advice. After years of trial and error, I have developed a strategy and philosophy that simply works. And I want to share with you everything I have done to build this large nest egg. I have nothing to hide. The truth is that the path to wealth is not complicated, and you do not need to make millions to get there. More and more of us are realizing that financial freedom is possible in 10 years or less. But the media will never tell you this. Your politicians will never tell you this. They want you to live to work instead of work to live. Now is the time to flip the script and live free! The Time To Take Action Was Yesterday. The Next Best Time is Now. Whether you are in your 20's and looking for sound advice to get started, or you're later in your career and haven't really thought about financial freedom, it's not too late to start! Once you put these systems in place, financial independence will no longer be a lifelong battle. ditch the 40-year plan and live the life you want to live. Get started today! BONUS MATERIAL INCLUDED! I'm also excited to share FREE bonus material that highlights "27 Ways I Slashed My Budget By \$1818 Per Month." A link to the free PDF is included in the book! Adhering to the strategies in this book and in the free bonus guide will grow your net worth by thousands in the first year and hundreds of thousands over your lifetime! What are you waiting for?
