~~Richard Strauss Elektra~~

Elektra, Op. 58, is a one-act opera by Richard Strauss, to a German-language libretto by Hugo von Hofmannsthal, which he adapted from his 1903 drama Elektra. The opera was the first of many collaborations between Strauss and Hofmannsthal. It was first performed at the Königliches Opernhaus in Dresden on 25 January 1909.

sound, bad balance between orchestra and singers, no orchestral detail, etc. It was probably an in-house.

~~Strauss: Elektra: Amazon.co.uk: Music~~

Elektra is not quite as accessible as "Salome" but it is worth the effort; the hallmarks of Strauss are there, namely the rich viennese melodies (especially for the female voice) and the lush orchestration, but there is also an extra bite and ferocity.

is a one-act opera set in ancient Greece. It premiered at the Dresden State Opera on Jan. 25, 1909.

~~'Elektra' Synopsis: The Story of Richard Strauss' One-Act ...~~

Decca's Elektra is a remarkable account of the opera. Recorded in 1968, produced by John Culshaw with an all-star cast, this performance captures the opera's brutality and atmosphere of nearly uninterrupted hysteria. Georg Solti conducts the Vienna Philharmonic, one of the great Strauss orchestras, in a searing reading of the frenzied score. Solti's control of the opera's waves of tension and ...

In 1903, Richard Strauss attended the premiere of the play "Elektra", adapted by Hofmannsthal for the Max Reinhardt Theatre in Berlin. The composer immediately understood that the drama could serve as a basis for an opera libretto and contacted the writer.

The contributions to this handbook bring together a full-length study of Elektra in English. The volume examines the many facets of one of Richard Strauss's

Read Online Richard Strauss Elektra

most complex operas. First, P. E. Easterling surveys the mythological background, while Karen Forsyth discusses Hofmannsthal's adaptation of his sources. The second part brings the music to the fore. Derrick Puffett offers an introductory essay and synopsis; Arnold Whittall considers the tonal and dramatic structure of the composition; Tethys Carpenter explores the musical language of the work in detail, with special focus given to part of the Klytaemnestra scene. The third part of the volume offers two contrasting critical essays: Carolyn Abbate provides an interpretation informed by her recent work on narrative, and Robin Holloway analyses Strauss's orchestration of the opera. The book also contains a

discography and an appendix of excerpts from the Strauss-Hofmannsthal correspondence.

Elektra was the fourth of fifteen operas by Strauss and opened his successful partnership with the librettist Hugo von Hofmannsthal. Gilliam's study of this major work examines its musical-historical context and also provides a detailed analysis of some of its musical features. He establishes a chronology of the evolution of the opera and places it in the larger framework of German opera of the time. His detailed examination of the sketchbooks enables him to offer

fresh insight into Strauss's use of motifs and overall tonal structure. In so doing he shows how the work's arresting dissonance and chromaticism have hidden its similarities to his later, seemingly more tonally conservative opera, *Der Rosenkavalier*: not only does Strauss exploit in both a variety of musical styles to express irony, parody, and other emotions, but both are in fact thoroughly tonal.
