American Psychiatric Association The guideline focuses specifically on evidence-based pharmacological and nonpharmacological treatments for schizophrenia and includes statements related to assessment and treatment planning, which are an integral part of patient-centered care. The guideline provides direction on implementing these recommendations into clinical practice, with the goal of improving the quality of care and treatment outcomes for patients with schizophrenia.

APA - Products - American Psychiatric Publishing, Inc.

This Textbook of Psychiatry, edited by John A. Talbott, Robert E. Hales, and Stuart C. Yudofsky, provides in one large volume an authoritative and up-to-date review of modern psychiatry that will be of great value to medical students, general physicians, and psychiatric residents, as well as practicing psychiatrists. It is neither a comprehensive textbook covering all of psychiatry nor a reference text with detailed coverage of a few areas.
