This is a very good book that covers the fundamentals of making hard apple cider. For home beer makers who are interested in simply experimenting with hard cider, I think this would be an excellent book. As a foundation for learning the basics of making hard cider, this would be my recommendation as a first book.

In New York, where there are more cider makers than anywhere else in the U.S., the legal definition of hard cider is evolving. Broadly-speaking hard cider is fermented apple juice, with an alcohol content between three and eight-and-a-half percent. Hard ciders can be carbonated artificially or naturally. Some are still.
