This business book is different. Unlike every other book you'll read with titles like "How To Craft The Perfect Business Plan in 89 Incredibly Simple Steps", this book is different. It's a simple "How To" guide for creating a Business Plan that's right for you and your business and also an easy to follow workbook. The workbook will guide you through the process you need to follow. It tells you the questions that you need to consider, the numbers you need (and how to get them), and supporting documents you need to gather. The main purpose of a business plan is to aid YOU in running YOUR business. So the workbook has been designed for you to write the information in and refer back to as needed. If you need to supply your Business Plan to another party, such as a bank if you're looking for finance, then it's simple to type up the various sections for a professional document. Running your own business is both a challenging and daunting prospect. With a well-thought-out business plan in place (anticipating the challenges you'll face AND the solutions) it will be much less daunting and much more exciting. Good luck! Molly

Greetings and welcome to this guide-book on how to get a UK visa for a Thai. My name is Owen Jones and my girlfriend's name is Neem, a Thai, and we struggled for months to get a visa for Neem to visit Great Britain. The purpose of this book is to make that job easier for you and, hopefully, save you at least £400-£500 in the process too. Make no mistake about it, there

is no shortage of solicitors and advisors - even complete agencies, who are willing to give you the benefit of their experience. Some promise a visa 'or no fee', others offer a 50% up-front non-refundable deposit option (with the balance payable on successful completion) and others expect you to pay the whole fee regardless. This fee in Thailand is typically 30,000 Thai Baht (£600 or \$1,000).

For the first time the Committee has collated the backlog of outstanding cases in the various areas where the UK Border Agency deals with casework. This report criticises the Agency for failing to conclude the total backlog of 276,460 cases. The Committee makes a number of key recommendations: a team should be established to examine why the 3,900 foreign national offenders living in the community as of 4 April have not been deported; deportation proceedings for foreign national prisoners must begin at the time of sentencing; a list of those countries refusing to accept the return of their own criminals who have committed offences in the UK must be published; the Agency should expand its checks to include a wider range of databases in order to assist with tracing of those in the controlled archive; students should be removed from net migration target; face to face interviews for all foreign students must be compulsory; the Agency must be represented at 100%, not 84%, of all tribunal hearings; all inspection visits on Tier 4 must be unannounced; the Agency must inform the informants as to possible illegal immigrants of the outcome of their tip-off and provide a breakdown of the outcomes of its enforcement visits. The Committee reiterates that Senior Agency staff should not receive bonuses until the Agency's performance improves and bonuses paid in the past contrary to the Committee's recommendations should be repaid

The land border between Russia and the European Union is one of the longest land borders in the world, with very considerable trade flowing across the border in both directions. This book examines the nature of the EU-Russia border, and the issues connected with its management. It describes the territories and the societies on each side of the border, discusses the challenges which confront border management, including migration and criminal activities, and explores how people on both sides perceive each other and perceive threats and security issues. It concludes by assessing achievements to date in managing the border and by assessing continuing unresolved challenges.
